

FEATURES

- Wide range of operating voltage from AC 210V/50Hz to 250/50Hz
- For checking AC voltage
- For checking a RCD tester's test current & time in mA (ms)
- For checking a loop tester
- For wiring check (Phase, Neutral, Earth).
- For checking continuity
- For checking instalation (The maximum is 1.2kV).
- For checking UK16th edition.

Continuity Testing

Range	0.5Ω / 2Ω / 10Ω
Accuracy	± 0.05Ω / ± 0.1Ω / ± 0.2Ω
Max. Current	300mA

Insulation Testing

Range	1MΩ / 9.9MΩ / 99MΩ
Accuracy	± 1%
Max. Testing	1.2kV
